- + Thank you mention before performances for a season

Our Tale... Fair Lady Productions, Inc. (FLP) makes theater available to everyone with a passion for the stage. Created as an alternative to traditional audition-based children's theater programs, FLP was founded in 2003 with 18 enthusiastic kids staging a backyard summer stock performance. Today, we have blossomed into a vibrant theater program with "Every Child Center Stage". Your sponsorship helps generate much needed revenue and will be used for production expenses and materials.
